# Bachelor of Science in Nursing RN to BSN Program Faculty Workload

### Full-time faculty:

- Expected to teach 90% per term
- 10% is reserved for scholarship and service
- Additional time, per term, is allotted for full-time faculty who engage in clinical practice required for certification and licensure.
- Faculty in administrative and leadership roles are provided with 10%-25% academic workload reduction depending upon the level of administrative work required.

### Nursing Part-Time faculty:

- Expected to be available to be assigned at least 25% workload each term (depending on need).

### Non-nursing part-time faculty:

- Expected to be available to be assigned the specialty course of employment.

To determine workload calculations, each credit hour of a course is assigned 5%.

The Chief Nurse Administrator oversees faculty workload calculations to ensure sufficient time is allotted to courses.
